New tools & resources to help families get closer to their college goals.

The College Tuition Benefit is excited to share new tools and resources for employees and their families - all included with The College Tuition Benefit program.

In 2020, students redeemed 83,483,622 Tuition Rewards!

What a terrific perk from my employer! Every dollar counts, and the number, quality and diversity of schools that have partnered with this program is really impressive.

Paul D. | Westlake, OH

Introducing Ready Set College®

SAGE Scholars saw a need for a creative and unique college search, career planning, and funding website for students and their families, so they built ReadySetCollege.org!

Ready Set College is the only college search tool that connects students' interests and skills with careers, majors, and colleges. And it is packed with resources for families to learn about the best college funding strategies, including custom calculators and a library full of resources.

SAGE Scholars Student Profile®

Helping to bring students & colleges together!

The SAGE Scholars Student Profile is a new tool for students to connect with colleges and universities. Once completed, students can send their Student Profile to any college or university in the SAGE Scholars network right from their Tuition Rewards account. This gives students and colleges a chance to connect in a whole new way!

To use the benefit, it is important for employees to register and create Tuition Rewards® accounts - If you have questions about The College Tuition Benefit®, we are here to help, contact us at:

Phone: (844) 244-4086

Hours: 8AM – 4PM ET
